• **Methodologies**	Azure DevOps · Agile / Scrum · Sprint Planning · Backlog Management
• **Analytics & Methods**	Root Cause Analysis · Continuous Improvement · Lean · Design Thinking
• **Tools & Languages**	Excel (Advanced) · SharePoint · AI Literacy · English (Fluent) · Spanish (Native)

PROFESSIONAL EXPERIENCE

Senior Business Intelligence Analyst · Biffa Waste Services · UK · Hybrid — Jan 2025 – Present

- Strategic data partner for Sales & Finance — architecting enterprise analytics to track contract lifecycles and optimize cost-to-serve. Driving ADO-powered Agile transformation, standardizing master data workflows, and automating reporting across the business.

Business Intelligence Executive · British American Tobacco · Southampton, UK · Hybrid — Dec 2022 – Jan 2025

- Within the global ODM team, governed master data quality across the SAP ECC/Fiori ecosystem, managing worldwide SKU Change Requests with rigorous data standards. Designed Power BI SLA-compliance dashboards, making governance seamless for cross-functional teams.

Business Intelligence Engineer · British American Tobacco · Venezuela — Jun 2021 – Dec 2022

- Plant-floor embedded BI — used physical sensor data to track MTBF, OEE, and production waste in real time. Translated manufacturing complexity into scalable BI solutions, applying Lean Six Sigma to drive corrective actions and hit production targets.

Business Intelligence Developer · ASIS Consulting · Caracas, Venezuela · HybridJul — 2019 – Jun 2021

- Specialist BI consultancy across multiple clients — building complex Power BI reports for financial modeling, taxation, and transactional data. Transformed raw financials into compelling data storytelling that drove measurable commercial decisions.

Engineering Foundation & Project Management · Previous Experience — Jan 2016 – Jun 2019

- Junior Project Engineer in Oil & Gas — fabricating high-pressure vessels to ASME/AWS standards and managing a 3D printing lab. Built advanced Excel models to track materials, labor, and progress, developing the physical-to-digital lens behind my BI approach.

EDUCATION & CERTIFICATIONS

BEng Mechanical Engineering · Universidad Metropolitana, Venezuela — 2010 – 2015

Primary & Secondary Education · Saint Augustine Catholic School, Venezuela — Completed 2010
